

ACTIS FLUSH BUTTON WHITE

[COLLECTION ACTIS](#)

PRODUCT CODE:

S97-014

Product description

ACTIS is a flush button with an interesting design where we have two asymmetrically arranged push buttons with a gently rounded shape placed on a rectangular flush plate. Such a combination makes the button fit perfectly with different types of shapes of other bathroom equipment. The model is made of white colored plastic. The push buttons gently protrude above the flush plate - 4 mm. The button can be used with economical, dual flushing systems. This flush button is compatible with WC concealed systems: AQUA series 0/2/4, SYSTEM series 0/2, HI-TEC, LINK. The button works with FRESH SYSTEM - a perfect solution for anyone wishing to use fresheners with CleanOn (no rim) wall hung bowls. A total and fresh solution for all-round toilet hygiene.
